Model PPH2RF Series Rev A

ENERGY STAR PARTNER

M1200 Product Line

Single Packaged Heat Pump, 15 SEER - 12 EER
8.0 HSPF, 2 Ton thru 5 Ton Units, R-410A

The PPH2RF Series Rev A single packaged heat pumps are high efficiency self contained cooling and heating units that can be installed on a slab. Units are ETL and ETLc listed.

Features and Benefits

- **R-410A Refrigerant** Environmentally Friendly.
- **State-of-the-art Copeland Ultra-Tech II Scroll Compressor** provides two stage heat/cool.
- **Galvanized Steel Cabinet –** Unit is trimmed in a silicone-protected polyester finish with a 950 hour salt spray finish that resists corrosion 50% better than comparable units.
- **Coils** are designed to optimize heat transfer, minimize size and cost, and increase durability and reliability.
- **The service valves are easily accessible** and simplify servicing of the refrigeration system.
- **A wire coil guard coated with Earth Friendly Epoxy and mesh hail guard that will never rust** protects the coil from being damaged by balls, lawnmowers, hail, etc.
- **Designed to make servicing easier** for the contractor, access panels are provided to all major components and the compressor.
- **0" clearance** to combustibles on duct side of the unit allows for installations in tight areas.
- **Easy access** to evaporator for cleaning and general maintenance.
- **Drain trap** design optimizes drainage capabilities.
- **Easy to install** electric heat strip provides up to 20 kw of heat output.
- **Compact footprint and profile** make the PPH2RF Series easy to install and transport.
- **Suction Accumulator –** Protection from liquid flood back and future compressor failures.
- **Demand defrost standard –** Provides additional energy savings in heating by defrosting only when necessary.
- **Three Minute Restart Time Delay –** When the unit shuts down, a three minute delay keeps the unit from restarting, eliminating the highest cause for compressor failure.
- **High and Low Pressure Switches –** Added compressor Protection.
- **Quiet operation and low vibration –** Swept-wing fan blade combined with custom Venturi condenser fan.
- **Protected Distributor Tubes –** Both indoor and outdoor coils include very high abrasion resistance fiberglass sleeves to prevent leaks from tubing rubbing together.
- **Energy Efficient Brushless –** DC (ECM) Blower motor in all models, and ECM condenser fan motor in 4 and 5 ton models.
